

LCGH provides outpatient infusion services to meet the needs of our community.

Infusion treatments will be available Monday through Friday from 8:00am - 4:00pm on the second floor of the hospital in the Ambulatory Outpatient Unit.

Appointments will be scheduled 48-72 hours following request for treatment.

Any **questions** can be referred to:
315-376-5233

Completed orders can be **faxed** to:
315-376-0130

OUTPATIENT

INFUSIONS

PATIENT INFORMATION

INFUSION STAFF

Infusions at LCGH are administered by a registered nurse and overseen by the hospital's medical director. On-site pharmacy staff ensure patient safety by providing thorough medication management. All of our staff are dedicated to working collaboratively with patients and families, as well as outside providers, to yield treatments in a caring, respectful and compassionate manner.

TREATMENTS WE OFFER

- Infliximab Infusion - Maintenance
- Simponi ARIA (golimumab)
- Entyvio (vedolizumab)
- Zoledronic Acid
- Immune Globulin 10% Infusion
- Iron Sucrose
- Alternate Medications ordered by Provider

INFUSION SERVICES

Specific ordering documents can be found at lcgh.net under the LCGH tab. By selecting "**Outpatient Infusion Services**", you will be directed to our facility's specific order forms. Please complete them in their entirety and fax to LCGH ASU at **315-376-0130**.
